

# RYAN'S PLACE

A Center for Grieving Children, Teens & Families

## Mission

The mission of Ryan's Place is to provide support in a safe environment where grieving children, teens and their families can share their experience as they move through the healing process.

Many children and teens experience one or more traumatic deaths by the age of 18. When a parent, sibling, grandparent or another significant person in a child's life dies, a child experiences great sadness and other emotions that are often difficult to verbalize. Children are the forgotten grievers in our society.
